

100 Years of Innovation — The Insulin Story

with **Daniel Drucker, MD, FRCPC**

Senior Scientist, Lunenfeld-Tanenbaum Research Institute, Sinai Health
Professor of Endocrinology & Metabolism, Department of Medicine, University of Toronto

via **Zoom videoconference**

<https://uoft.me/CWMGR-2021-02-17>

Wednesday, February 17, 2021 @ 12:00 to 13:00

LEARNING OBJECTIVES:

At the end of the presentation, participants should be able to:

1. Recount the key elements leading to the discovery and commercialization of insulin,
2. Reflect on the roles of collaboration in the insulin story,
3. Translate into practice pivotal developments in the insulin innovation story, and
4. Contemplate options for the scientific celebration of the discovery of insulin.

INTERACTIVITY:

Questions will be accepted via the Zoom chat tool.

EVALUATION & ATTENDANCE:

via <https://uoft.me/CWMGR-2021-02-17>

Attendance for Maintenance of Certification credit will only be tracked if evaluation and attendance surveys are completed.
